## **Dilutions**

For heavy soil use neat as supplied.

May be diluted with as much as nine volumes (10% v/v) of water depending on degree of soiling.

May be used with hard or soft water.

## **Methods of use**

### **Hand**

Apply neat or diluted product with a brush.

Agitate with a brush and allow to dwell for up to 20 minutes.

Usually a few minutes is enough. Agitate again and brush rinse with low pressure water. Brush to aid rinsing if necessary.

Repeat if necessary

Always use clean equipment.

Do not use with other products.
